Treasury

Our Strategy

We invest in businesses that have the potential to become industry unicorns. Via a global network, our team has access to opportunities that span the spectrum of some of Tech's most exciting sectors, including fintech, blockchain, metaverse, gaming, e-commerce, healthtech, edutech and agritech.

We are predominantly focused on the MEAP and Australia region, a market which experienced a record year-on-year growth in venture capital investments in 2021. We believe the region is emerging as the next frontier for VC investments among the emerging markets.

Our team's sophisticated understanding of the region, combined with a world-class internal governance structure, provides an ideal platform from which to identify regional opportunities before our competitors do.

We deploy smart capital and leverage portfolio synergies to consistently deliver outperformance to our clients.

With each opportunity, we look for exceptional teams, brilliant ideas, scalable businesses, large addressable markets and a defined exit strategy. When we invest, we apply our abilities to add value and strive to positively influence commercial outcomes.

We play a key role in the growth of these businesses by addressing pain points for the founding teams. We help them by finding talent, driving revenue growth, capturing scale across markets and by executing fundraising strategies.

Fund life	7 years (option to extend +2 years)
GP Fees	Management fee: <ul style="list-style-type: none">• First \$30m commitment: 2.5% p.a.• Portion above \$30m: 2% p.a.• 1st anniversary: 2% p.a. Thereafter, reducing by 10 basis points every anniversary, to a minimum 1.6% p.a. Carried interest: 20%

Adopting our Platform to the Industry Transition

We are a trusted partner to family businesses in the Gulf, Australia and Asia. We forge strategic and savvy partnerships that realise operational and financial value for all stakeholders. Our flagship Gulf Fund targets attractive investments in future-facing sectors.

Our Aim:

To operate at the forefront of disruptive technology investment opportunities across the MEAP and Australia region and to maximize shareholder value by consistently outperforming our competitors.

We aim to de-risk ventures by adding value via capital injection, strategic partnerships, offtakes, and technical expertise.

To maximize shareholder value through consistently outperforming the market

We go beyond Investing Capital

Despite being active investors, we believe supporting the surrounding startup and business ecosystem for our target investment countries is equally important. Accordingly we are also heavily involved in:

- Incubating ideas/projects that we believe in
- Assisting companies with Advisory services, recruitment of key staff members, board involvement, and building corporate, growth & exit strategies
- Giving them access to our global network
- Forming incubators & accelerators and supporting existing ones

Supporting platforms that assist in raising capital both at the primary and secondary markets.

Bringing foreign companies that we have invested in to establish offices in Saudi Arabia/UAE.

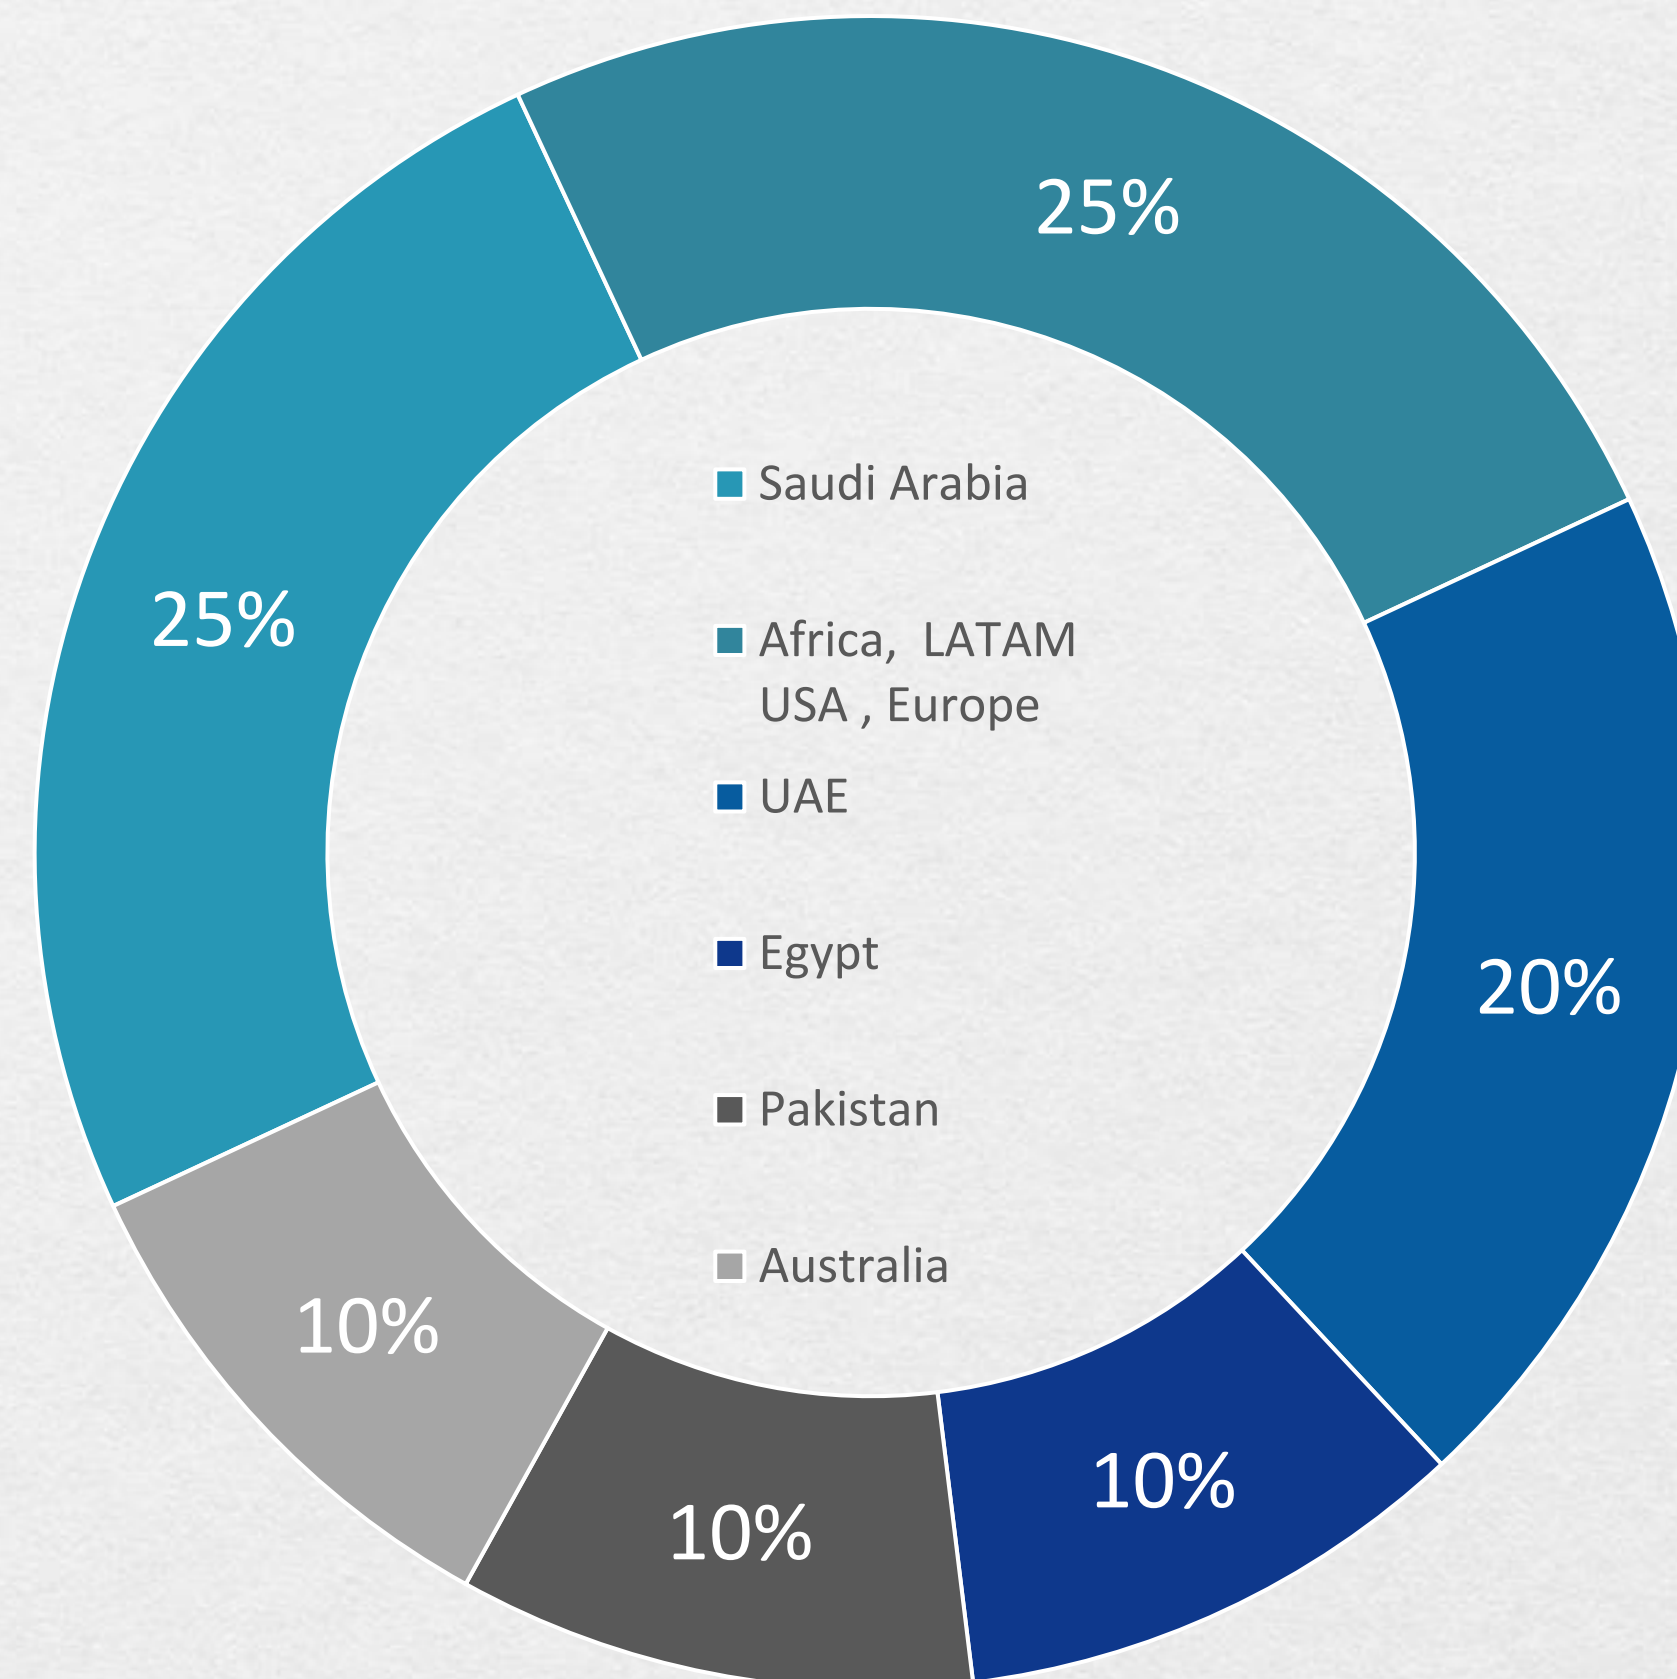

Number of our Board Members and shareholders are established investors and business owners in the region. One of our largest shareholder is from Saudi Arabia.

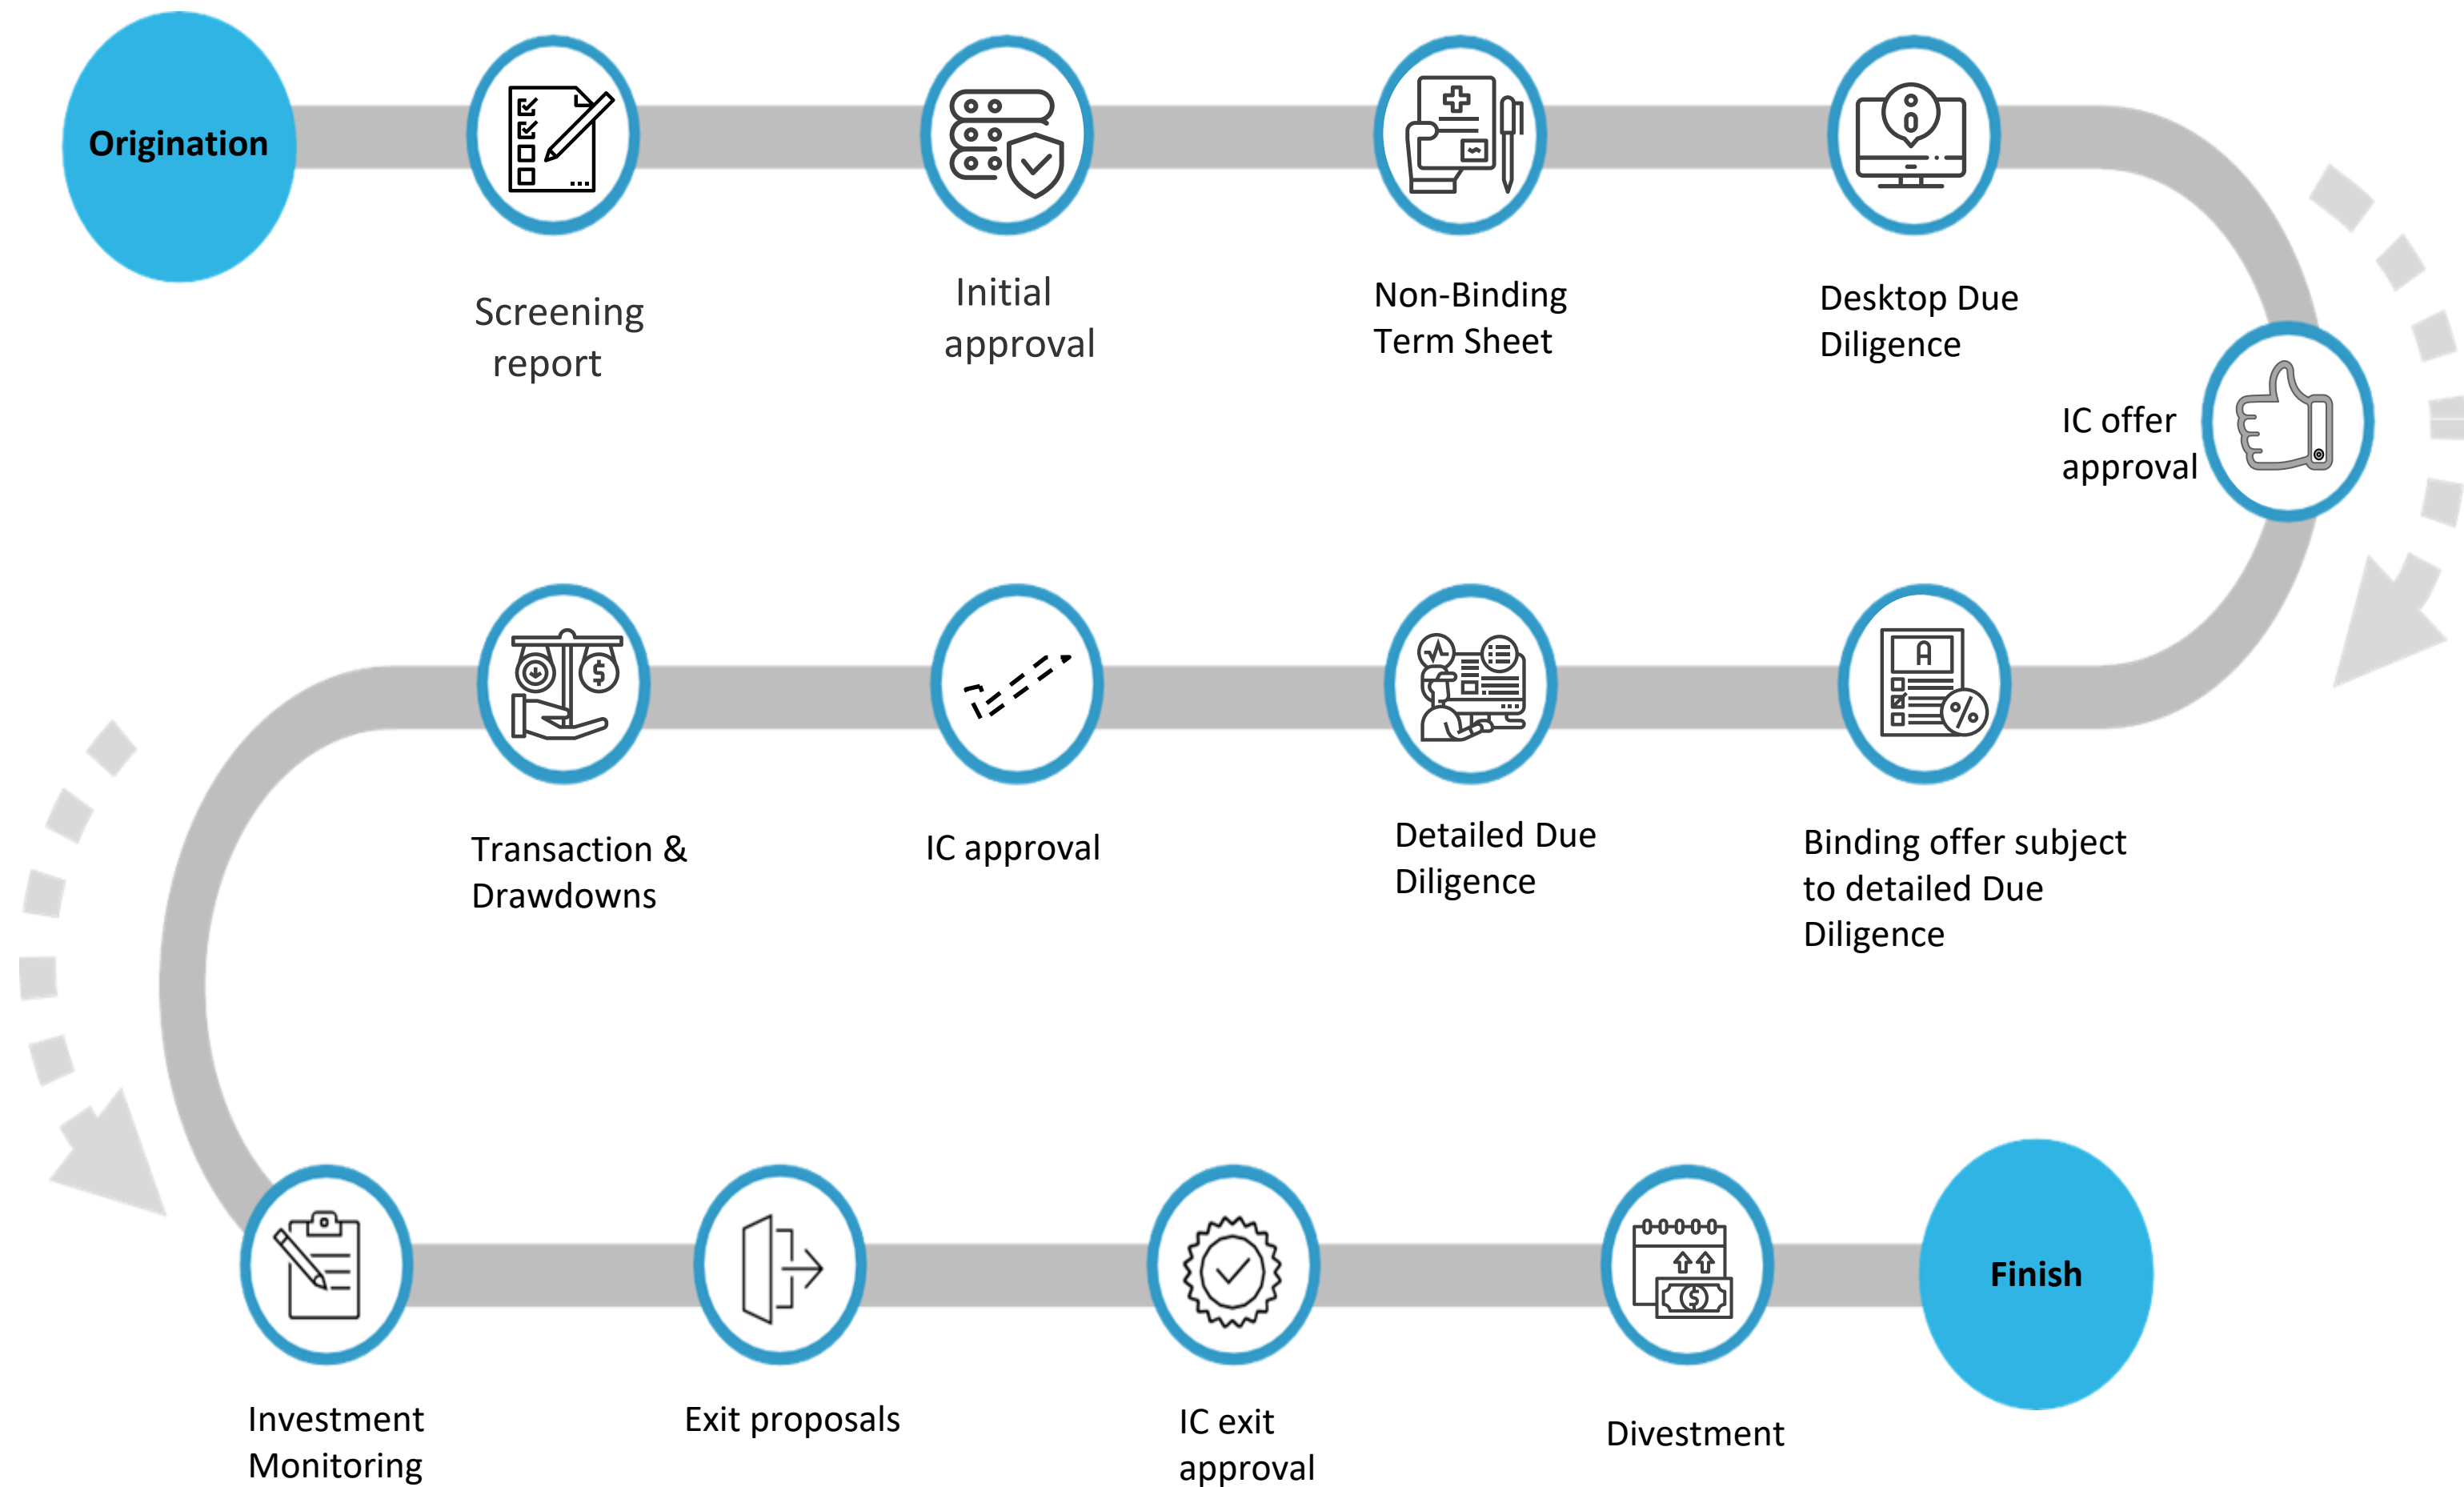

Assist the companies we invest in the region with expansion to other global markets including US & Australia.

Support ecosystem in UAE & Saudi with Bespoke Guidance

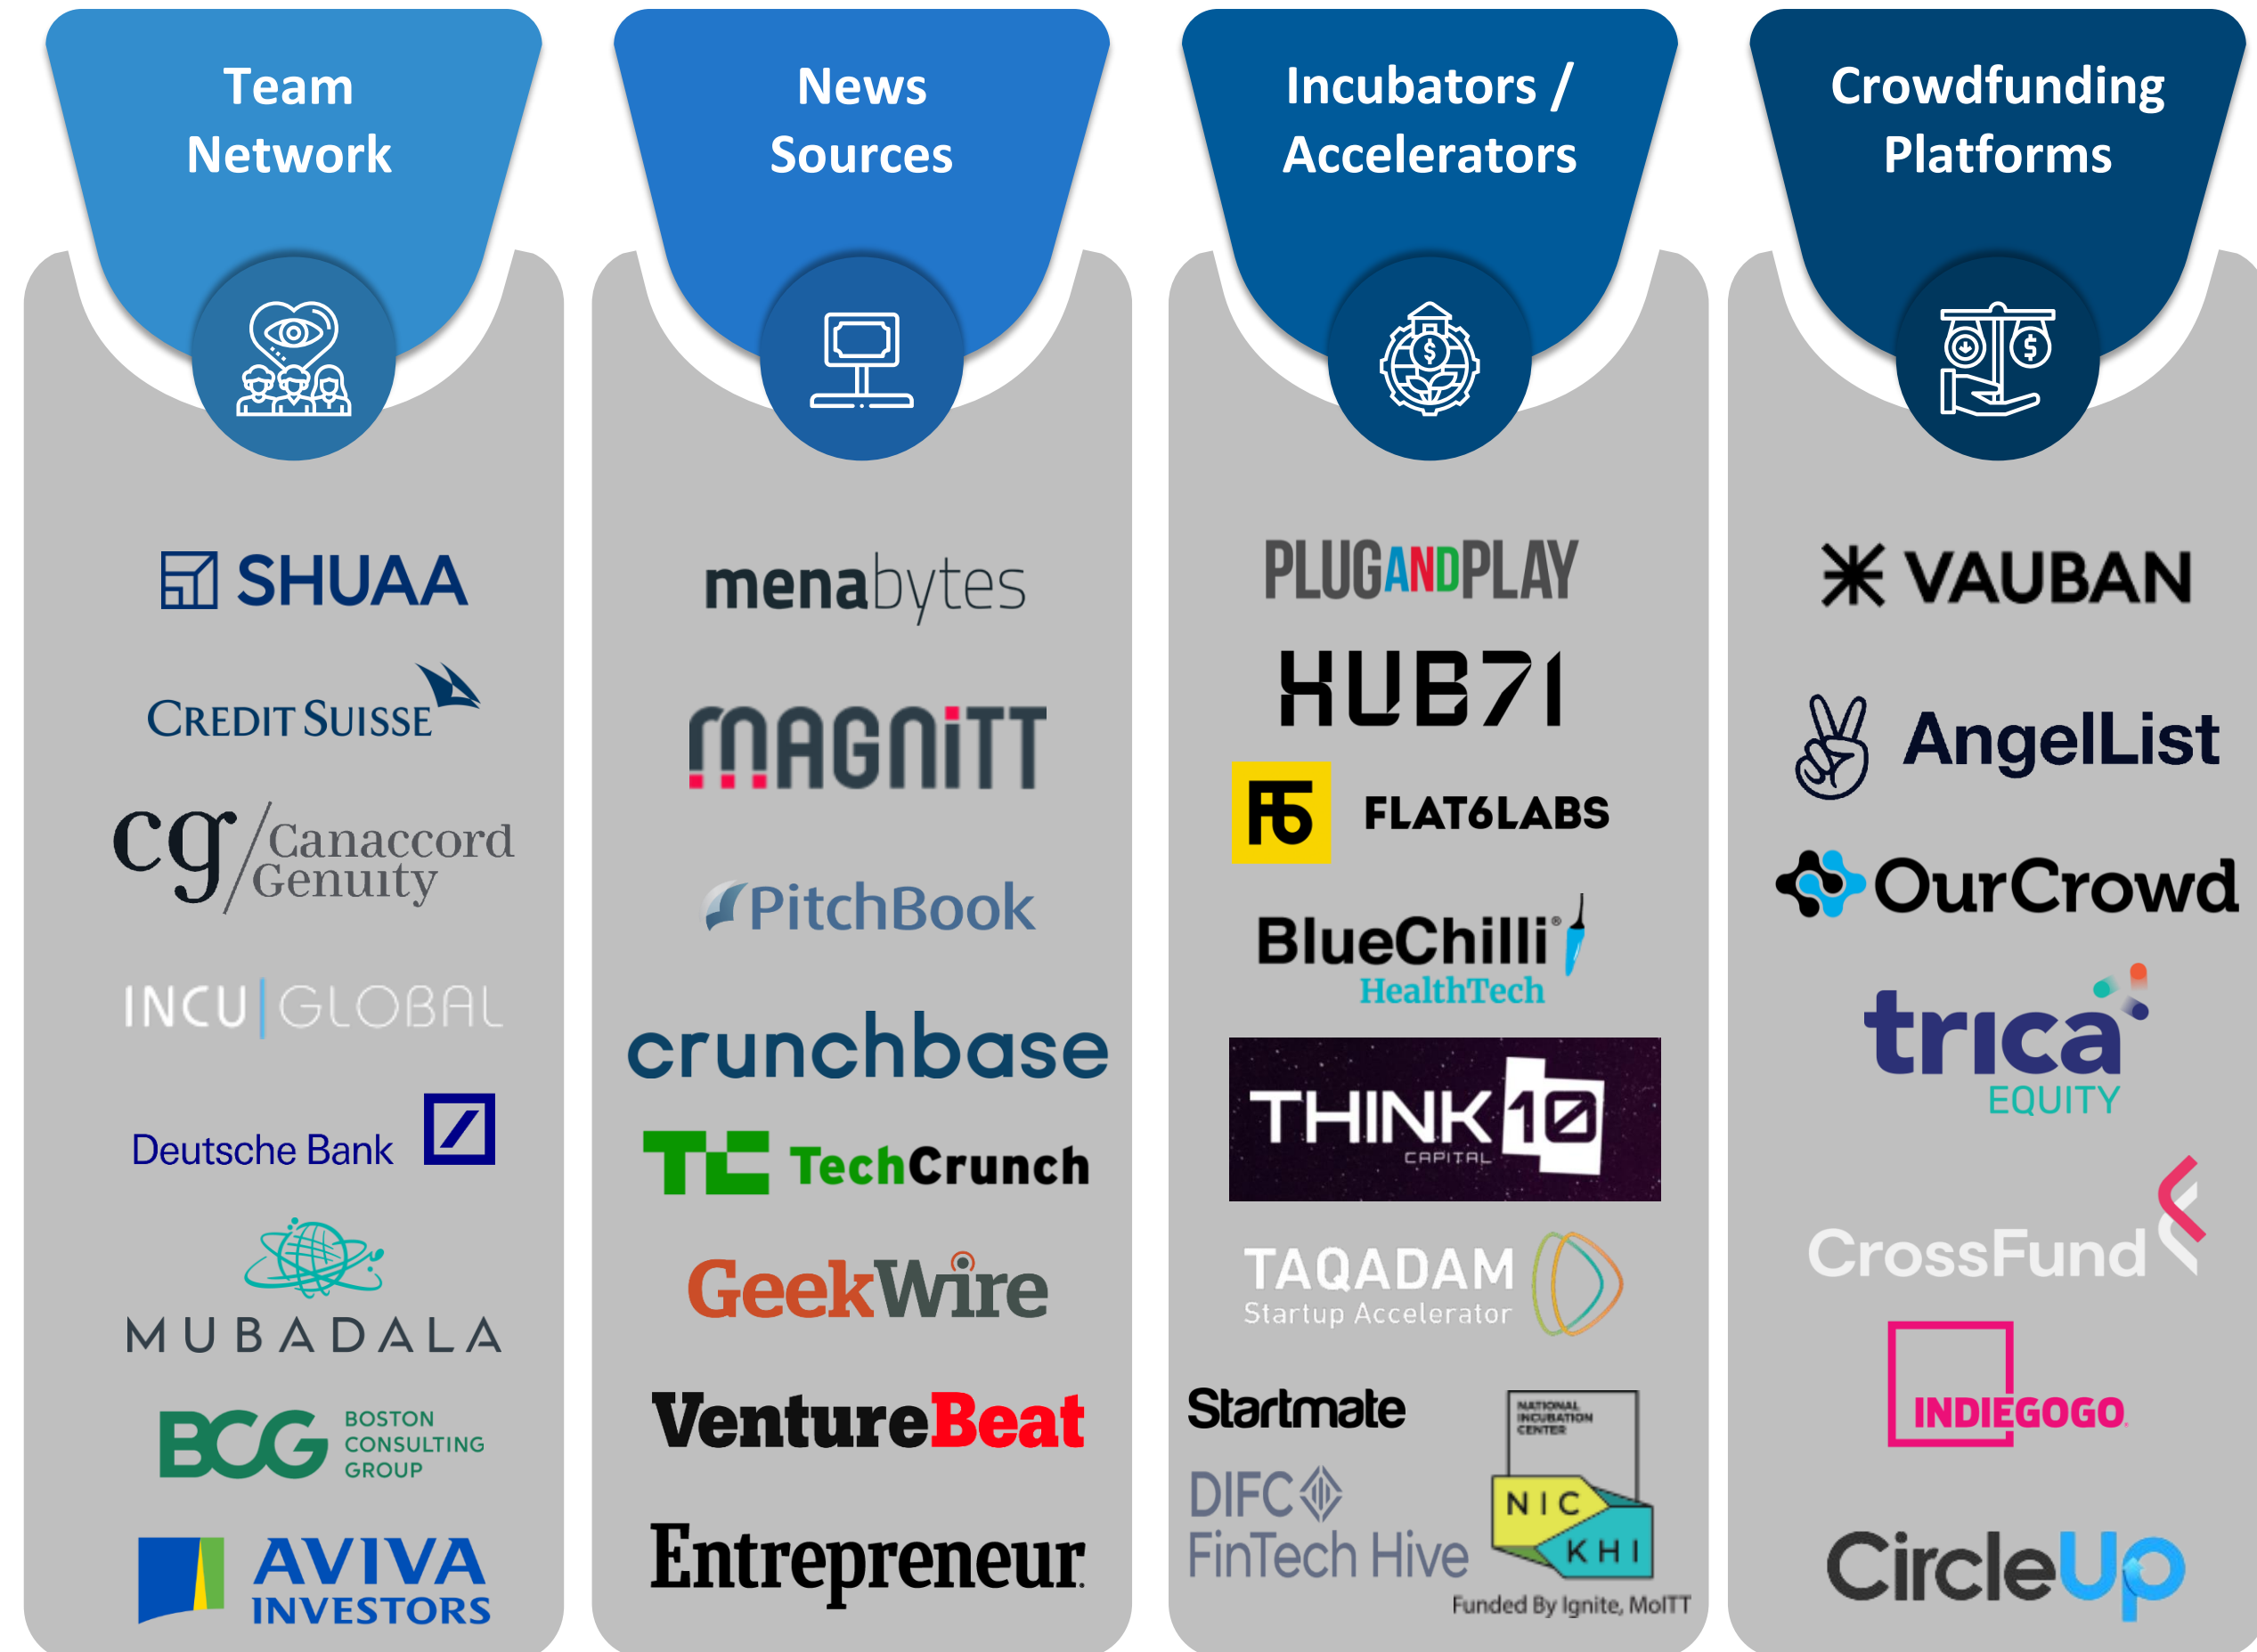

Deal Screening

Deal Sourcing

In addition to the below sources, we have formed relationships with a number of Venture Capital (VC) firms across Europe, North America, and Australia where we share deal flow.

Funding Goals
